Second row: (from left to right) Mr. Cheung Wing Fung, Mr. Lee Kwok Chiu, Ms. Cheng Wai Ki, Mr. Ho Dik Shun, Mr. Cheung Chi Man, Ms. Chan Ka Pik, Mr. Alvin Wan, Ms. Yu Sze Wai, Ms. Carmen Chan, Ms. Leung Yee Mei, Mr. Ronnie Yeung

Third row: (from left to right) Mr. Jerwa Ip, Mr. Leo Tsui, Mr. Jayden Ng, Mr. Lau Wai Pan, Mr. Chung Yiu Kay, Dr. Tong Yui, Ms. Ng Hiu Ling, Mr. Richard Yiu

The International MI Education Forum 2022 is an international multi-stakeholders' platform for educational stakeholder communities active in the area of curriculum design and implementation. Being conducted in a hybrid mode, it brings together policymakers, thought leaders, teacher educators, teachers, and students, to foster regular sharing of experiences and good practice, as well as mutual learning and convergence of views on the future of education and skills in the post-pandemic era. It was successfully held on 24th June, 2022 at G.T. College, with over 1000 participants including scholars, school principals, parents and students.

To state the obvious, education has transformed in numerous ways under the enigma of the COVID-19 pandemic. It was, therefore, vital for education providers to come together and share their views on the transformations brought about by the pandemic, and to discuss ways to maximize the potential of making education better for our students in the coming years. All distinguished speakers had a great many insights on the current and potential issues in education in the post-pandemic era. It was incredible to hear from them some salient and thought-provoking points from various perspectives in education. The forum achieved a milestone in international cooperation in education amidst the current pandemic. The International MI Education Forum further hopes to enrich our fellow educators' minds to improve education for all students.

Giving gratitude to Principal Dr. Raymond Tam for his support towards the forum

Dr. Clara Cheng leading the Hong Kong Roundtable discussion about online teaching and learning amidst the pandemic

As part of the organizing committee, we are determined to offer multiple perspectives that facilitate the teaching and learning in schools, and inspire teacher competency and professional development. The key to a successful international forum is planning and preparation. With the support from G.T. College, Gifted Education Council, G.T. Education Foundation, and Research MI, Mr. Leo Tsui, who is the chairperson of the forum, led a team of facilitators, moderators, logistics coordinators and IT support, to achieve operational excellence. From the invitation to keynote speakers to over 20-hour rehearsal of moderators and roundtable discussions, we ensured that everyone understood the forum missions and rundown, alongside their individual duties assigned, for the smooth operation of the 12-hour international forum. Intending to promote MI education and international dialogues on education crises like students' mental health, we recognize how the discourse would bring great benefits to all in the field. Looking back to the day we had the idea of reviewing the post-pandemic education over the Easter holiday, all the hard work in two-month time paid off when we witnessed how the curious minds were connected to the well-respected speakers in the presentations.

Welcome Lunch & Opening Ceremony

To facilitate a warm opening to the International MI Education Forum, a welcome lunch at One Cuisine of Holiday Inn Express (East Kowloon) was hosted by GT College. School Supervisor Dr. Desmond Lee, Curriculum Director Professor Rex Li and Principal Dr. Raymond Tam raised a toast to kick off the long-awaited international forum.

With their warm opening speeches, Professor Rex Li and Principal Dr. Raymond Tam gracefully welcomed all the esteemed guests to the stage for showing appreciation for their most-coveted participation. There were 25 guests from prestigious tertiary, secondary, and primary institutions around Hong Kong. Their presence and participation at the forum is deeply appreciated by all the stakeholders of the forum.

Feedback from Forum Participants

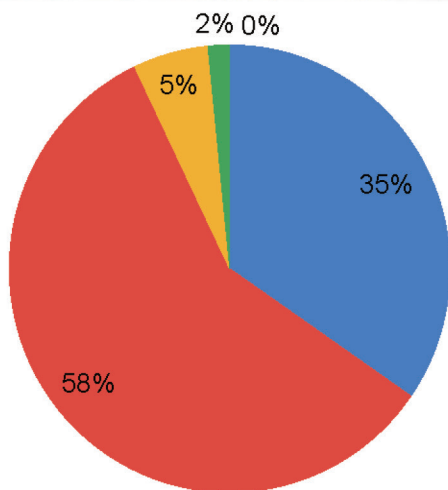

Chart 1 - There should be international cooperation on teaching during and after the pandemic

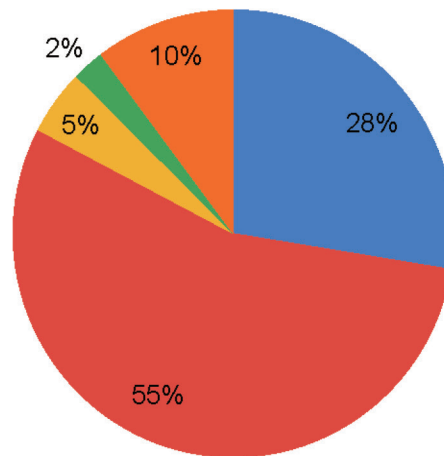

Chart 2 - I have more confidence to teach students with strategies after the forum

- Strongly agree
- Agree
- Disagree
- Strongly disagree
- NA

After the historic disruption of the COVID-19 pandemic, most schools are back open worldwide but education is still in recovery assessing the damage done and lessons learnt. The International MI Education Forum 2022 gathered well-known speakers for international dialogues and collaborating experience about education in the post-pandemic era. With the focus on how education is to serve the betterment of global community, we are delighted to receive positive feedback from the audience. Most of the participants recognize the importance of international platforms for knowledge and experience exchange. Besides, most of the educators manifest confidence in teaching all learners with strategies mentioned by the keynote speakers after the forum. Thank you once again for everyone's active participation! Without you, this event would not be a success!

▲陳校長與一眾講者於教育圓桌上探討疫情下教育範式的改變

優才書院的任意門在六月下旬打開了，老師們在這天穿梭世界各地，與著名學者一同參與國際多元智能論壇。

開幕典禮後，論壇以「香港教育圓桌」打開序幕，由我校陳偉傑校長、啟基學校陳美顏校長、崇真小學暨幼稚園譚煥玲校長、雅士圖國際幼稚園暨幼兒園胡善盈校長一同分享新冠疫情對本地教育的影響及改變。

緊接下來是由亞洲、歐、美、英等各地著名教育學者、專家為大家作三場網上演講直播，當中李業富教授就以「Education in the Post Pandemic Era: Collaboration for a Better Future」為題，解構未來教育發展。各位學者共同提及21世紀教育的一些關鍵詞：多元智能、電子學習、跨學科學習、創作力、合作等等。有趣的是，各位著名學者理論相互滲透：一方面疫情使當下的教育受到重創，另一方面迎來了「後疫情」時代新機遇，推動了電子教育及學習，建構多元化、具彈性的教學系統。

是次論壇不禁令我們思考，學生能夠在二十一世紀的教育當中獲得些甚麼；我們如何轉變教育系統，有效回應21世紀的教育需求和願景？夜幕降臨，教育與未來就彷彿如宇宙中的一顆耀眼星辰，值得人類不斷探究。

▲大會為講者、嘉賓精心設計了MI Forum紀念章

▲教育圓桌圓滿結束，講者們握手致意

▲陳校長、李教授與嘉賓李國釗校長（左一）及余詩慧校長（右一）拍照留念

▲三場專題演講於網上直播進行，世界各地教育界同工均能參與，無遠弗屆

▲講者見解精闢；聽眾聚精會神

▲老師們專心研讀論文資料

很高興在「香港教育圓桌」中看到不同學校代表分享在疫情下，如何發揮創意，努力為學生提供豐富的學習環境。不同年齡層的學生有不同的需要，老師盡量使用網絡平台維持學生的學習興趣，實現停課不停學的精神。

彭雪婷老師

Global cooperation is especially important in this pandemic era, as the problems are no longer regional, but we also have to cope with the global issues. As a teacher, we have to promote more group cooperation instead of individual tasks. Every student has a talent. We all have multiple intelligences. We should provide different kinds of activities for students to develop problem-solving skills, and learn to appreciate one another. In this way, they can be better people and make contributions to the world.

陳漢翹老師

Dr Thomas Hoerr emphasised that assessment of learning is integral throughout every stage of MI implementation. His speech reminds me that in the future I need to be more conscious to make my teaching be aligned with the assessment so as to enable successful MI implementation. Also, he has shown us many examples of projects, exhibitions and portfolios which I found inspiring and enlightening. I may engage my students into those activities so that they could achieve their MI in a fun way.

陳美瑚主任

Mr Chris Lehman mentioned that what we 'care for' is far more important than what we care about. During and after pandemic, teachers need to find ways to make the kids feel seen, cared for and their identity being recognised. What strike me the most is when he stressed "The kids are who they are in this moment". We have to put aside that deficient thinking by always asking the students to 'catch up' with what we think they have missed. In fact, we should show our kindness to them, accepting who they are 'today' and expect them to perform the best version of themselves for today.

麥秀芳老師

張華教授為我們講解了中國內地，在疫情下對教育是如何進行改革的。其中令我印象最深刻的是當他講到考試分數再也不能成為唯一的評估準則，而要通過學生在其他方面，例如口頭匯報、作品展示以及動手操作等方面進行評估時，我深有同感。這一點的改變，哪怕只有10%的比例，也許可以令同學們意識到光靠記憶式學習讀書並非是唯一的，成為一個全面發展且能為社會服務的人才，才是學習之根本。
